PART

ORDERED:

Regarding the letter briefs filed by plaintiffs' counsel on July 10, 2005, and defense counsel on July 13, 2005, it appears that defendant has produced documents requested by plaintiffs in compliance with the Court's order and has made available for inspection, pursuant to Fed. R. Civ. P. 34(b), "all personnel files of hourly and management employees (not already produced)" from which plaintiffs seek discovery. The Court considers this an acceptable method of production for these files, and accordingly DENIES plaintiffs' request for intervention at this time.
